Revin DSilva

has successfully completed the online, non-credit Specialization

Hands On Machine Learning with Google Cloud Labs

This Google Cloud Labs Specialization, learners receive hands-on practice with machine learning as it applies to language processing, go beyond the basics of using predefined models, learning how to build, train and deploy your own, and finally get practice with machine learning at scale and how to employ the advanced ML infrastructure available on Google Cloud.

Google Cloud Training

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
